BIDDER REQUEST FOR INTEREST & PREQUALIFICATION CRITERIA AND RESPONSE

1.0 Introduction

Bechtel National Inc., herein referred to as Contractor, intends to issue a Request for Proposal (RFP) for a Plant Material Purchase Order for the Hanford Waste Treatment and Immobilization Plant (WTP) project in Richland, WA. Companies must be pre-qualified by Contractor to be included on the bid list. To support the pre-qualification evaluation process, the prime potential bidder (1st tier subcontractor) must provide the requested information and respond to questions within this document. The Experience Statement should include relevant information for both the prime bidder and any planned lower-tier supplier or subcontractor. Additional supporting documentation such as brochures and company profiles may also be submitted.

***Please note that additional supporting documentation will be required as part of the formal RFP process.**

2.0 Project Description and Location

The Hanford Tank Waste Treatment and Immobilization Plant (WTP) is a complex of radioactive waste treatment processing facilities designed and constructed by Bechtel National, Inc. for the Department of Energy (DOE). The facility will process the Hanford Site tank waste and convert the waste into a stable glass form.

The Project site is located in the 200 East Area of the Hanford Reservation near Richland, Washington, along the Columbia River. The site elevation varies from 662 to 684 feet above mean sea level. Ambient temperature range is -23 degrees F minimum to 113 degrees F maximum, with relative humidity of 5% minimum to 100% maximum. The project design life is 40 years.

Information about the WTP Project can be found at <http://www.hanfordvitplant.com>.

3.0 Scope of Work

Award Type: **Firm Fixed Price Purchase Order with Economic Price Adjustment**
Estimated RFP Date: **May 2026**

The scope of this work includes the design and procurement of the vertical shield door recovery system (VSDRS): a strand jack system that is temporarily intalled and used to lower a vertical shield door into the closed position when the door cannot be moved by its normal operation.

The goal of producing posting Request for Interest (RFI) packages online in advance of the anticipated solicitation date is to proactively identify and engage Suppliers that may intend to bid on the scope of work outlined in this request. The WTP project intends to produce specifications and requirements documents for procurement award that closely align with standard commercial

OFFICIAL USE ONLY (when completed)

BIDDER REQUEST FOR INTEREST & PREQUALIFICATION CRITERIA AND RESPONSE

applications, for those items that do not have a nuclear safety function. WTP encourages feedback from interested Suppliers relative to things that can reduce delivery duration, item complexity, and unplanned costs from awarded value (examples: Document submittals that are in excess of what would normally be required for commercial application, special tests that duplicate available data, excessive oversight, size of requirements document set, and conflicts in specifications).

For components that have a nuclear safety function, WTP intends to consider both Suppliers with NQA-1-2022 programs and Suppliers that have other QA programs (example: ISO 9001). For cases in which Supplier is not NQA-1 compliant, WTP will provide required testing, oversight, and source verification to demonstrate compliance with NQA-1-2022.

We encourage interested Suppliers to contact WTP (per website contact info/directions) to set up meetings with WTP engineering and procurement staff to ask questions, discuss areas that could be adjusted to simplify the procurement process, resulting in a fit-for-purpose specification that aligns with what the supply chain produces (buy what they make) and recommendations for how best to develop a mutually beneficial collaborative partnership.

3.1 Work to be included:

1. Design/specify lifting device per relevant codes and standards.
2. Prepare and submit design documentation, including but not limited to drawings and analyses.
3. Fabricate VSDRS and ancillary equipment. Welding per applicable AWS codes.
4. Perform shop testing and factory acceptance testing.
5. Provide final design documentation
6. Preparation for shipment

3.2 Equipment and Materials Required:

Table 1: Equipment Required

No.	Description	Component Tag Number (CTN)
1	Vertical Shield Door Recovery Device 1	24590-WTP-MH-30-RCVY-00001
2	Vertical Shield Door Recovery Device 2	24590-WTP-MH-30-RCVY-00002

Table 2: Vertical Shield Door Recovery System Sub-components

Equipment	QTY
Strand Jack	2
Strand Jack Guide Rail	2
Strand Recoiler	2
Strand Dispenser	1

OFFICIAL USE ONLY *(when completed)*

3.3 Codes:

- ASME BTH-1, ASME B30.1, ASME B30.20, ASME B30.26
- Relevant AWS codes as applicable to work performed, including but not limited to AWS D1.1/D1.1M, AWS D1.1/D1.1M, AWS D1.3/D1.3M, AWS D1.4/D1.4M, and AWS D1.6.
- NEMA 250, NEMA ICS 6, NEMA MG1
- NFPA 70-2023
- UL 508, UL 508A
- AISC M016-89

3.4 Standards:

- Various ASME and ASTMs standards for fasteners and materials
- ASNT SNT-TC-1A

Please note that this solicitation may result in material procurements and proposals greater than \$10,000 and must comply with **FAR 52.225-11 Buy American Act** – Construction Materials Under Trade Agreements (SEP 2010). If you cannot comply or foresee any issues with compliance, please provide a detailed explanation.

If your company is **interested** in this solicitation, complete the sections below. The BNI Acquisition Services Purchasing group is responsible for the collection, evaluation, and internal publication of potential bidders' information for the purpose of pre-qualification for all solicitations.

OFFICIAL USE ONLY *(when completed)*

BIDDER REQUEST FOR INTEREST & PREQUALIFICATION CRITERIA AND RESPONSE

4.0 Response Submittal

4.1 Submission Due Date: **11/14/2025 (or as extended)**

Submission Method: must be received no later than the due date above to the Purchasing Representative, **Andrea Riste**, via email at adriste@bechtel.us. For questions, call (509) 430-9055.

5.0 Pre-Selection Criteria

5.1 Company Response

Prime Subcontractor Company Name:	
Address:	
Address (cont):	
Pre-qualification Contact Name:	
Phone Number:	
E-mail Address:	
DUNS No. (Dun & Bradstreet):	

5.2 North American Industry Classification System Code (NAICS)

The NAICS (North American Industry Classification System code for this work is **333248**. The SBA size standard for this code is **750 employees**. For pre-qualification purposes, you are a small business if your company's number of employees does not exceed **750** employees.

Business Size Classification
(according to U.S.
Small Business
Administration
Criteria)

- ☐ Small
- ☐ Small Disadvantaged Business
- ☐ Woman Owned Small Business
- ☐ HUBZone Business
- ☐ Veteran-Owned Small Business Concern
- ☐ Service-Disabled Veteran-Owned Small Business Concern.
- ☐ N/A – Registered as a Large Business

OFFICIAL USE ONLY (when completed)

BIDDER REQUEST FOR INTEREST & PREQUALIFICATION CRITERIA AND RESPONSE

5.3 Quality Assurance Requirements Program

Programmatic Quality Assurance (QA) requirements for this purchase order will be in accordance with Supplier QA program, please mark as applicable:

	Commercial Quality - Based on DOE Order 414.1C
--	---

5.3.1 Does your Company have a written Quality Assurance Program?

☐ Yes ☐ No

5.3.2 Which QA standard(s) does this program meet?

☐ DOE/RW/0333P ☐ ASME NQA-1 ☐ ASME Section VIII ☐ ISO-9000 ☐ OTHER

5.3.3 If “OTHER” is selected above, please furnish a copy of associated QA Program Table of Contents and a **brief summary identifying how your program meets each of the requirements listed below**. The level of rigor applied to the elements shall be commensurate with the risks associated with the Work.

- A description of the organizational structure, functional responsibilities, levels of authority, and interfaces for those managing, performing, and assessing the Work.
- Personnel Training and Qualifications
- Quality Improvement
- Control of Documents and Records
- Work Processes
- Design
- Procurement
- Product Identification and Traceability
- Inspection and Acceptance Testing
- Control of the Testing Equipment
- Control of Non-Conforming Product
- Corrective and Preventative Actions
- Handling, Storage and Shipping Procedures
- Management Assessment
- Independent Assessment

OFFICIAL USE ONLY <i>(when completed)</i>
--

BIDDER REQUEST FOR INTEREST & PREQUALIFICATION CRITERIA AND RESPONSE

Your company has the option to submit their full Quality Assurance Plan with this submission of interest.

5.4 Commercial Data

In order to be considered, potential bidders are required to register on the Bechtel Supplier and Contractor Portal: <https://www.Bechtel.com/supplier/>.

5.4.1 Date your company registered or updated its information on the Portal: _____ Date Updated: _____

5.4.2 Rough Order of Magnitude for Scope of Work (USD): \$ _____

5.4.3 Estimated Delivery Schedule:

- i. Engineering/Design: _____ weeks ARO
- ii. Material Procurement: _____ weeks ARO
- iii. Fabrication: _____ weeks ARO
- iv. Delivery: _____ weeks ARO

5.4.4 Long lead items to be aware of? (if yes, please specify)

5.4.5 Does your company have a suggested alternate offering/product that offers an improvement, more cost effective, or offers shorter delivery (i.e. “buy what you make”)?

- ☐ No, we will supply an identical or similar product.
- ☐ Yes, we have an alternate offering. If so, please describe below or provide as an attachment.

OFFICIAL USE ONLY (when completed)

BIDDER REQUEST FOR INTEREST & PREQUALIFICATION CRITERIA AND RESPONSE

5.4.6 What risks do you foresee with this procurement that BNI should be aware of and possibly help mitigate?

5.5 Technical Criteria

5.5.1 Direct Relevant Experience Documentation: Provide a reference list of example projects over the last ten years, on the included Experience Statement, that demonstrate direct relevant project experience to support each “yes” response. Example projects should be detailed as to both the technical scope of the project and your participation in the project.

6.0 Experience Statement

Column completion notes for the below, Experience Statement, to be completed by the Prime contractor:

- 1) Customer Name, Address, Contact Name and Phone No.- We may contact for references as needed.
- 2) Work Description and Location- Describe work scope and location and indicate if prime or subcontract.
- 3) Original/ Final Contract Value- Original award value and final closeout contract value.
- 4) Commencement/Completion Dates- Provide starting date and actual completion (or forecast if still in progress) by month/year format (e.g., Jan 2006/Sept 2007)

OFFICIAL USE ONLY <i>(when completed)</i>

Pre-Qualification Document Checklist

Companies are encouraged to use this checklist to ensure their submittal is complete.

- ☐ Interest & Prequalification Criteria and Response Package (this document)
- ☐ QA Program Table of Contents and summary *or* a copy of QA Plan
- ☐ Additional supporting documentation such as brochures and company profiles.
- ☐ Direct Relevant Experience Documentation (included in this document or provided as attachment)
