

The following message is sent on behalf of Hanford Site Manager Brian Vance:

THE HANFORD SITE

July 30, 2020

TO: All Hanford Site Employees

SUBJECT: Phase 1 Work Progresses in Support of Continued Safe Operations

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

During the week of 3 August the Hanford Site will continue in Phase 1 operations. Site leadership continues to add work activities and incrementally increase the site population to support the Hanford Site mission while maintaining a focus on workforce, community and environmental safety and health.

We will continue to monitor and evaluate local and state COVID-19 data, trends, health care system capacity, and site safety and security needs as we consider each subsequent week's work and our overall site posture. I encourage everyone to continue to follow established COVID-19 protocols at work and at home, to protect the health of our Hanford teammates, our families, and support our community. As always, please notify your supervisor if you feel ill or test for COVID-19.

We remain committed to progressing the essential work of the Hanford Site and every member of our team is key to our success. During this time of distractions, please stay focused on the job to keep yourself and your teammates safe.

Thank you all for your continued work in support of our important Hanford Site mission. Be safe and healthy!

Brian T. Vance
Manager
Richland Operations /
Office of River Protection
