

THE HANFORD SITE

June 25, 2020

TO: All Hanford Site Employees

SUBJECT: Hanford Site to Continue Phased Return to Work for Site Operations Next Week

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

During the week of 29 June, the Hanford Site posture will remain in Phase 1 with the onsite workforce population remaining at approximately current levels. We will continue to monitor local conditions and the many factors that inform site operations planning.

Remember to monitor your own health – stay home or seek medical attention if you are not feeling well. And, as we all prepare for a holiday weekend, I encourage you to continue your good health practices, including physical distancing and hand-washing routines, and the use of face coverings. This helps protect all of us – coworkers, neighbors, friends, and family.

Each of you is essential to the successful advancement of the Hanford Site's mission, and we need you all to return to work safe and healthy.

Happy Fourth of July!

Thanks and be well!

Brian T. Vance
Manager

Richland Operations /
Office of River Protection
