

WASTE TREATMENT PLANT PROJECT REQUEST FOR INTEREST

HLW DUMPSTER, TRASH DISPOSAL, AND RECYCLING SERVICES

Requisition Number: 24590-NP-FSR-MQBR-00015.
Submit Interest By: May 7, 2025
Quality Level: NP (Non-Permanent)
Award Type: Fixed Unit Rate

ESTIMATED SCHEDULE Through January 2026 with Option Years.

Issue Request for Proposal: Forecasted June 2025
Award and Notice to Proceed: Forecasted August 2025

PROJECT DESCRIPTION AND LOCATION

The Hanford Tank Waste Treatment and Immobilization Plant (WTP) is a complex of radioactive waste treatment processing facilities designed and constructed by Bechtel National, Inc. for the Department of Energy (DOE). The facility will process the Hanford Site tank waste and convert the waste into a stable glass form.

The Project site is located in the 200 East Area of the Hanford Reservation near Richland, Washington, along the Columbia River. The site elevation varies from 662 to 684 feet above mean sea level. Ambient temperature range is -23 degrees F minimum to 113 degrees F maximum, with relative humidity of 5% minimum to 100% maximum. The project design life is 40 years.

SCOPE OF WORK

Provide trash disposal and recycling services for construction refuse (e.g. trash, garbage, scrap wood, and other construction materials), and recycling of paper, cardboard, plastic bottles, stainless steel, scrap steel, copper wire, scrap wire/cable and the like generated by the HLW and MHF. There will be no hazardous waste included within the materials to be removed and disposed of under this subcontract.

SUBCONTRACTOR shall provide dumpster units of varying sizes, such as twenty (20), twenty five (25), thirty (30), forty (40), and fifty three (53) cubic yard capacity to be located as directed by CONTRACTOR at the HLW Construction Site, located in the 200 East Area, the Material Handling Facility located in Richland and other areas as designated by CONTRACTOR in support of the project.

SUBCONTRACTOR shall be obliged to relocate existing dumpsters on Site as per the instruction of the CONTRACTOR. SUBCONTRACTOR shall empty and or replace full dumpsters as requested by CONTRACTOR, on a "call out" basis. All such Services shall be performed within two (2) working days of CONTRACTORS notice to SUBCONTRACTOR.

SUBCONTRACTOR shall coordinate with CONTRACTOR and develop a waste recycling process, as appropriate for paper, cardboard, steel, aluminum, plastic and the like, in strict compliance with the applicable local, state, and federal regulations.

SUBCONTRACTOR shall ensure that all trash and waste products are properly disposed of in accordance with local, state, and federal Codes and other applicable rules and regulations.

SUBCONTRACTOR will provide recycling services for items including, but not limited to, refrigerators, air conditioners, and water coolers. The SUBCONTRACTOR shall provide a certified technician for evaluation and performance of refrigerant reclamation and recycling of the appliances listed above in strict compliance with applicable local, state, and federal regulations.

QUALITY ASSURANCE (QA) REQUIREMENTS

Programmatic Quality Assurance (QA) requirements for subcontracts or purchase orders performed in the WTP Jobsite will be:

<input checked="" type="checkbox"/>	Non-Permanent or Temporary Work - Generally no QA program required
<input type="checkbox"/>	Commercial Quality - Based on DOE Order 414.1C
<input type="checkbox"/>	Nuclear Level Quality - Based on ASME NQA-1 2000

Bechtel may require, as an element of bidder pre-qualification, submission of a representative sample QA Program or Table of Contents copy.

CODES AND STANDARDS

SUBCONTRACTOR shall process and / or dispose of domestic trash, sewage and related waste products and chemicals used in support of this work in accordance with local, state, and federal regulations. This shall include but not be limited to the requirements of Benton County / Washington department of health, Benton County, / Washington clean air authority.

BIDDER REGISTRATION AND PRE-QUALIFICATION

The BNI Acquisition Services Subcontracts/Purchasing group is responsible for collection, evaluation, and internal publication of potential bidders' information for the purpose of pre-qualifying them to bid on any particular subcontract or purchase order.

As part of this process, BNI requires all potential offerors to register at the Supplier and Contractor Portal at: <https://www.Bechtel.com/supplier/>

If your company has registered previously, then only supplemental information should be sent to the Bechtel National, Inc. representative noted below.

Information to be provided by potential bidders must include:

- Dun and Bradstreet Number
- Company Name
- Company Address
- Contact Phone Number
- Contact Person
- Email Address
- Safety Data and Information
- Applicable Work Experience and Projects
- Size of Business (Small, Large)
